

Flexible Financial and Business Reporting Inside of Excel and on the Web

Jet Reports allows you to get all the financial and operational data you need in the format that works for you. Any report exactly the way you want it, no matter where you are. From advanced business reports to sophisticated financial statements, there is no exporting, no copying and pasting, and no programming, ever.

Eliminate Errors

- › Pull any data directly into Excel
- › No manual exporting, no copy and pasting
- › Begin using and building reports immediately

Jet Reports Online

- › Seamless integration between Excel Desktop and Excel Online for a complete cloud experience.
- › Full SaaS report automation, execution, and distribution
- › Enjoy flexibility to use the tools that best suit your finance team's specific needs.

Always Have the Answers

- › Drill-down on the numbers directly from Excel
- › Access and run reports from anywhere on the web with the Jet Hub

Report Portability Forever

- › Reports seamlessly update with ERP upgrades
- › Automatically move from one version of Dynamics to the next

Cut Reporting Time and Costs

- › No hard-coding or programming skills required
- › Reports seamlessly update with ERP upgrades

Never Second Guess the Numbers Again

- › Complete collaboration and publishing platform
- › Feel confident it's the right data and workbook

Get Started Immediately

- › Built specifically for Microsoft Dynamics GP, NAV, 365 BC, and 365 F&SCM
- › Extensive report library to use out of the box
- › Same day download and installation

Ready to go Beyond Financial and Operation Reporting?

Jet Reports is one of insightsoftware's unified, modular applications. By bringing together multiple insightsoftware applications in one place you can address your business needs faster and with less risk, by picking and choosing the capabilities you need across reporting, budgeting and planning, and controllership.
